WMCHS Fall Play

Anatomy of Gray is a coming-of-age story. This play tells the story of June Muldoon, a 15-year-old girl growing up in the small religious town of Gray, Indiana, in the 1880's. After her father's death, June prays for a healer. When Galen Gray, a doctor, blows into town in a hot air balloon, June thinks her prayer is answered. Soon June's happiness turns to sorrow as her town's residents are struck by a mysterious plague. Both humor and tragedy abound as residents struggle with what they view as conflict between science and some deep seated religious convictions. This story boasts characters with whom you will definitely fall in love. You will not want to miss this play that overflows with humor...loss...and love. Show times are November 17 & 18 at 7:30 at WMC. Tickets: Adults: \$6.00 Students: \$4.00
